

Czarina Shartle
First Meeting with Brenna Kennedy
October 6th 2016

Do you currently have a website?

No

Why do you want a website?

For publicity and to show the different kind of work I make all in one place.

What would you like the focus to be?

On my industrial design work but I also want to advertise my T-shirt designs. ID is the priority though.

Are there any specific links you would like?

For my T-shirts I want links to my etsy page and my facebook page. I also want to show my process and my finished work.

Who will be visiting your website?

People who could potentially hire me as a designer and people who are interested in my T-shirt designs.

How would you like it to look?

Sleek and elegant. Make it classy but in a cool way like James Bond.

Do you have any specific requirements?

No
